## TAMILNADU

### Avvaiyar Award

The Chief Minister of Tamil Nadu honored **Yasoda Shanmugasundaram**, former Vice-Chancellor of Mother Teresa Women's University, with the Avvaiyar Award for her significant contributions to women's empowerment.

#### Purpose:

- It recognizes outstanding contributions by women in various fields.
- These fields include social reform, women's development, communal harmony, and service to the Tamil language.

## NATIONAL

### Mahila Samridhi Yojana (MSY)

The Mahila Samridhi Yojana (MSY) is a scheme with variations across India, aiming to empower women, particularly those from economically weaker sections.

#### Purpose:

- The core objective is to provide financial assistance and promote self-employment opportunities for women.
- It seeks to improve the economic and social standing of women, especially those from marginalized communities.

## SUMMIT

(Coaching for CDS, NDA, IAS, IPS, IRS etc.)

### World Sustainable Development Summit 2025

#### Organizer:

- The summit is organized by The Energy and Resources Institute (TERI).

#### Location:

- The 24th edition of the summit took place from March 2025, in **New Delhi**, India, at the India Habitat Centre.

#### Theme:

- The theme for WSDS 2025 was "Partnerships for Accelerating Sustainable Development and Climate Solutions."

## SCIENCE AND TECH

### SE2000 semi-cryogenic engine

The SE2000 semi-cryogenic engine is a significant development by the Indian Space Research Organisation (ISRO) aimed at enhancing its launch capabilities.

#### Purpose:

- It's designed to power the booster stages of ISRO's future heavy-lift launch vehicles, increasing their payload capacity.
- It will be used in ISRO's Next Generation Launch Vehicle (NGLV) and is planned to be used to enhance the LVM3.

#### Significance:

- The SE2000 engine is crucial for ISRO's future space exploration programs, including human spaceflight missions like Gaganyaan.

### Gandiva missile

The Gandiva missile is the newly renamed Astra Mk-III, a next-generation beyond visual range (BVR) air-to-air missile developed by India's Defence Research and Development Organisation (DRDO).

- It's designed to significantly enhance the Indian Air Force's (IAF) aerial combat capabilities.
- Range: Up to 340 km at high altitudes (20 km) and 190 km at lower altitudes (8 km).
- The Gandiva missile significantly boosts India's air defense and offensive capabilities.

## TNPSC FACTS

- FIFA has taken action to remove **Russia, Congo, and Pakistan** from the 2026 Football World Cup, as a result of different controversies."
- Bengaluru City University will be renamed after **Dr. Manmohan Singh**, marking the first time an Indian institution has been given his name, as announced by the Karnataka government.
